

FOR IMMEDIATE RELEASE

Splashdown to summer! Bingemans Big Splash to open 5 new giant water slides

Kitchener, Ontario, December, 2010 — Bingemans, owner and operator of Bingemans Big Splash, the largest water park in Southwestern Ontario, is excited to announce a major expansion in time for the summer 2011 season.

As they “splashdown to summer,” Bingemans is building FIVE new giant water slides, which will give kids of all ages more high-speed thrills than ever before.

Boomarango is a high-octane ride sure to get the adrenaline flowing! The riders are hurtled down a huge drop in a raft and it races towards an almost vertical wall. Once the riders travel up and down the wall they slide their way over some big bumps while their raft is turning and spinning to the finish line.

(Slides may not be exactly as seen)

Full Throttle sends four friends in a slippery, watery race to the finish line as each bomb down separate slide lanes towards a wild, splashy finish. Who will win? No one knows!

“We’re really excited about the new additions to Big Splash for the upcoming year. It continues to show our commitment to making Bingemans the premium destination for families in southern Ontario” says Bingemans President, Mark Bingeman.

Boomarango and Full Throttle join Bingemans Big Splash’s many other slides — which include The Pipe Slides, Torpedo Bay, and The Cyclone — plus a heated wave pool, and Spray ‘n’ Play, to provide major summer amusement for families from miles around.

About Bingemans

Big Splash, the area's largest water park, offers days of fun and entertainment for kids of all ages. It is located in Kitchener, Ontario, and is a popular summer recreation destination for Canadian and American families.

Bingemans owns and operates a catering service, a conference centre and a camping resort, in addition to several entertainment facilities, including Big Splash Waterpark, FunworX (over 25,000 sq.ft. indoor playland), day camps for kids, beach volleyball facilities and Glen Ridge golf course
