

Coronavirus (COVID-19) Update – February 2021

The health, safety and well-being of our guests is our top priority. We are paying close attention to direction from the Federal and Provincial Governments, Public Health Agency of Canada, and Waterloo Region Public Health on the specifics of the Novel Coronavirus (COVID-19).

Daycamp Update

Our team has been hard at work in planning and we are pleased to be able to offer safe and fun day camp programs similar to the programs that we offered in 2020. While there will be some activities that were favourites of our campers prior to last summer, unfortunately, again this year due to the Covid-19 prevention measures including physical distancing requirements, some of these we will not be able to occur. We are pleased that this year we are able to bring back our popular camp for our Juniors, ages 4 and 5 years old. For the health and safety of our campers and our staff members, there are significant health safety protocols that we have to continue to adhere to in our programs in order to meet the guidelines that are put in place by the Provincial Government and the Ministry of Health, as well in consultation with our local public health unit.

What to Expect Onsite

In addition to regular health and safety procedures, the following additional measures have been implemented:

- Lower ratios 1:4 for Jr. Summer Fun Camp – each group will have 8 children and 2 counselors for a total group size of 10
- Lower ratios 1:6 for Summer Fun Camp and Grand Canoe Camp – each group will have 12 children and 2 counselors for a total group size of 12
- Staff members will be wearing masks when unable to maintain 2M physical distancing.
- Children will be required to wear a mask if they are inside
- Day camp area – This will be located outside in our lower marquee and playfield area just past the Embassy Room. Lots of trees for shade, loads more space to physically distance each group, park right at the day camp area, no walking through FunworX and down the hill!
- Each group will have its own designated drop off and pick up area which will be communicated in advance to parents, (a map will be provided), child(ren) will then be escorted to their group by a staff member, who will be wearing a mask.
- Upon pick up the child will be brought from their group by a staff member to the designated pick up area to the parent.
- Screening process in place with screening questions prior to children entering their day camp group area. Staff members will be wearing PPE while screening
- If your child is feeling unwell they will not be able to attend camp that day, please keep them home for the health and safety of all
- Groups will not be mixing with other groups
- Each group will have 6 picnic tables which will be placed 6' apart to ensure physical distancing. 2 children per table.
- Campers will not be accessing the water park, bowling or FunworX indoor activities to ensure that there is no cross over with the general public
- Designated bathroom facilities for campers and camp staff only

- Only 1 group accesses the bathroom at one time, it is then sanitized before the next group
- Enhanced and more frequent cleaning protocols
- Individually packaged lunches and snacks which are created in our commercial kitchen operation
- We have significantly limited the total number of children that can enroll in our camp programs
- All staff will be trained in COVID19 protocols

We hope that you will understand that in order to run camp programs this year we have been working very diligently to provide the best experience that we can for your child and you!

The safety and security of our staff and guests is a priority at Bingemans. As such Bingemans has increased safety, cleaning/sanitizing and taken other measures to aid in preventing the spread of Covid-19 and other communicable viruses and diseases. Despite our increased efforts, due to the infectious nature of these viruses and diseases and the many patrons and guests visiting our facilities and venues or using our services, Bingemans cannot and does not guarantee that our facilities are virus free or that patrons and guests will not be exposed to viruses and other communicable diseases from staff or any other patrons or guests. Accordingly, Bingemans assumes no liability in respect of the spread of any virus or infectious disease and all patrons and guests attending at any Bingeman facility or venue do so at their own risk.
